SUMMARY

Aspiring Software Engineer graduating in 2027 with knowledge of Java, Object-Oriented Programming, Data Structures and Algorithms, SQL, and web technologies. Experienced in academic projects involving application development and MATLAB-based image processing. Interested in building reliable software solutions, solving technical problems, and learning new technologies.

EDUCATION

B.E. Electronics and Communication Engineering *2023–2027*

M. Kumarasamy College of Engineering, Karur

CGPA: 7.45 / 10 (Till 5th Semester)

Higher Secondary Education *2022–2023*

Malar Matriculation Higher Secondary School

Percentage: 79.3%

Secondary School Education *2020–2021*

Malar Matriculation Higher Secondary School

Percentage: 80%

TECHNICAL SKILLS

- **Programming Language:** Java
- **Core Concepts:** Object-Oriented Programming (OOP)
- **Data Structures and Algorithms:** Arrays, Strings, Collections, Searching, Sorting
- **Web Technologies:** HTML, CSS, JavaScript
- **Database Technologies:** SQL, MySQL, MongoDB (Basics)

INTERNSHIP

VLSI Design Intern (Online) – Tessolve *6 Months*

- Strengthened analytical and logical problem-solving skills through digital design and verification activities.
- Designed and verified digital logic circuits using Verilog HDL.

PROJECTS

TRANSMA– Transport Management System (Team Lead) *May 2025*

- Designed and developed a web-based transport management system to streamline vehicle scheduling, trip management, and transportation operations using modern web technologies.

Student Management System (Team Lead) *Jun 2025*

- Developed a student management application to manage student records and simplify student information retrieval and updates.

Medical Image Enhancement Using MATLAB (Team Lead) *Apr 2026*

- Applied MATLAB-based image processing techniques to enhance the quality and visual interpretation of medical images.
- Utilized filtering and contrast-enhancement techniques to improve image clarity for analysis.

CERTIFICATIONS

- Java Programming Certification
- VLSI Design Internship Certification

ACHIEVEMENTS

- **IEEE Conference Paper Publication:** Published "Smart Irrigation System for Precision Farming" at the **10th International Conference on Smart Structures and Systems (ICSSS)**, 2025, published by IEEE and indexed on IEEE Xplore.
